

Help Guide: Parenting In the Digital Age

List of Devices with Internet Access – Example

Take an inventory of all of the devices in your house by filling out an inventory sheet as follows:

- 1) Device Name – List the type of device and who it belongs to;
- 2) Accessed By – List who uses the device;
- 3) Wi-Fi Filtering Devices – Wi-Fi filters like Circle often permit you to create profiles with customized levels of internet filtering. In this column, list the profile that the device is to;
- 4) Parental Control Configured – In this column, check off when the parental controls have been turned on and configured; and
- 5) Accountability Software Installed - In this column, check off when the accountability software has been turned on and configured.
